

## CASE STUDY

# Automation of Multiple Payables Processes

Invoice Processing | Payment Processing | Tools: Abbyy & BluePrism

Barrick Gold Corporation is the largest gold mining company in the world with \$14B in annual revenue, headquartered in Toronto, Ontario, Canada. The company has mining operations in Argentina, Australia, Canada, Chile, the Dominican Republic, Papua New Guinea, Peru, Saudi Arabia, Tanzania, the United States and Zambia.

Barrick has global EBS operations with multiple languages and localizations.

Barrick has a roadmap for various automation initiatives across all processes in Oracle E-Business.

### Solutions

Vigilant conducted an automation workshop to help identify use cases for Robotic Process Automation, flowchart the current process, and propose a solution to automate the processes along with budget estimates, execution timeline, and return on investment (ROI) statement.

### Challenges Resolved

Multi-Language:  
English and  
Spanish
